### Foreword to the exhibition

02

Exhibition Preface

In this exhibition, a total of 224 works of art by 53 artists from 6 countries are on display. The exhibits cover painting, photography and mixed media works, bringing together multinational artistic creations, showing multicultural traditions, individual creative experience and rich and diverse artistic languages.

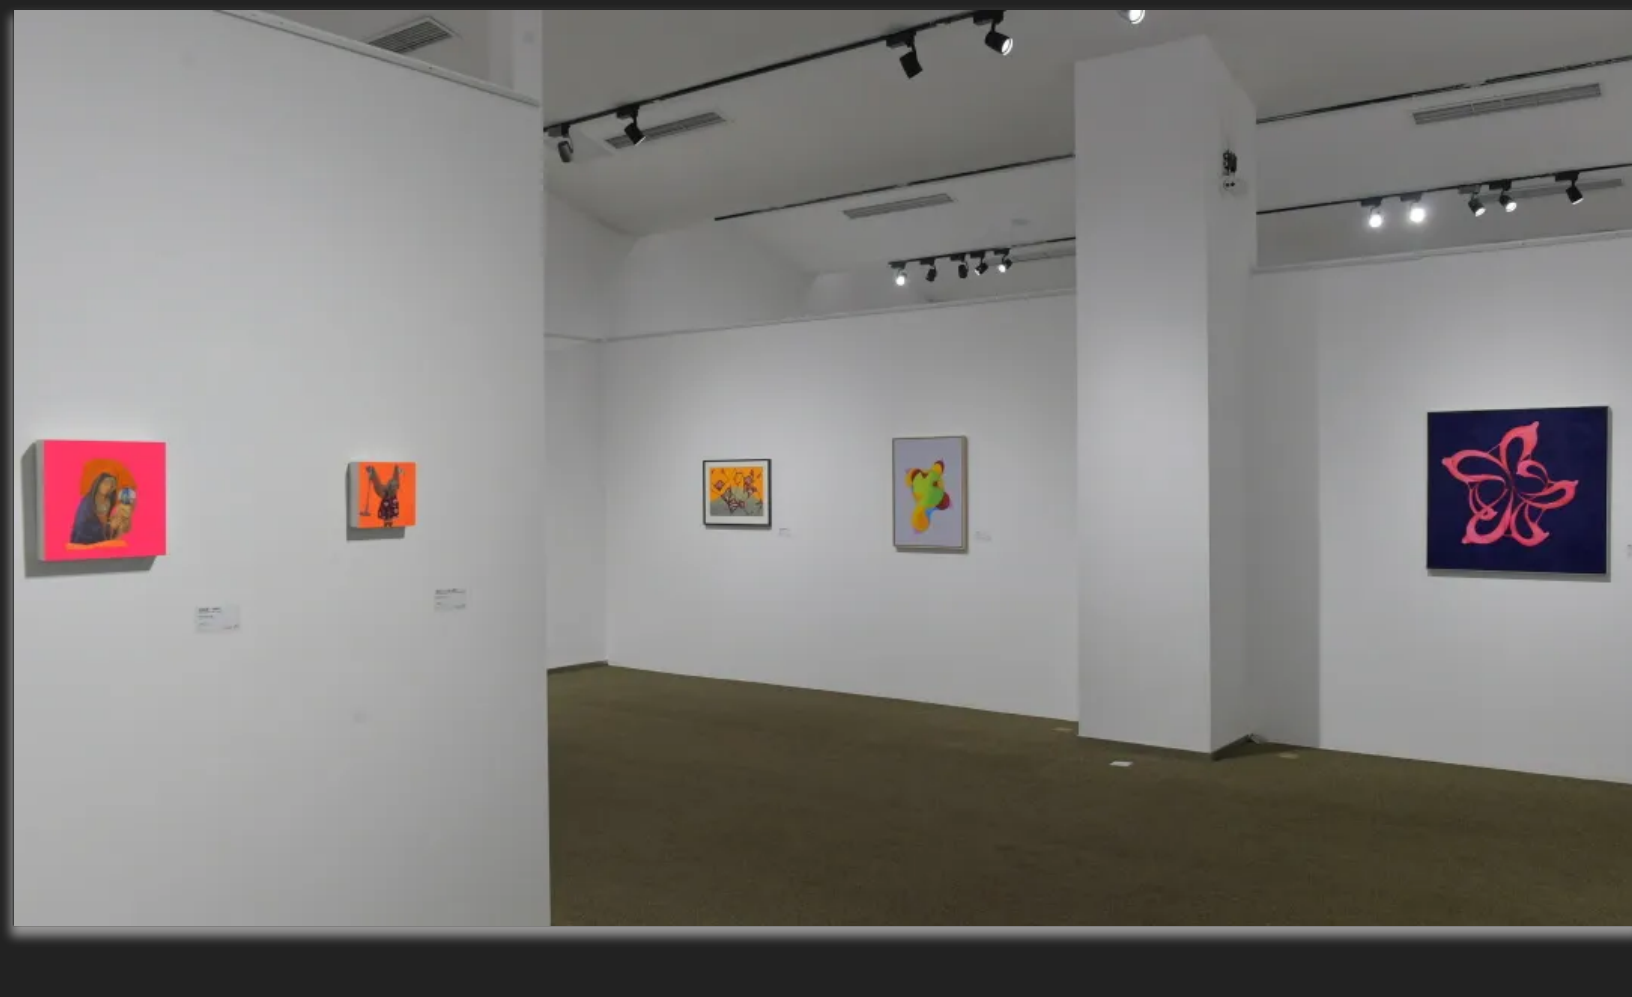

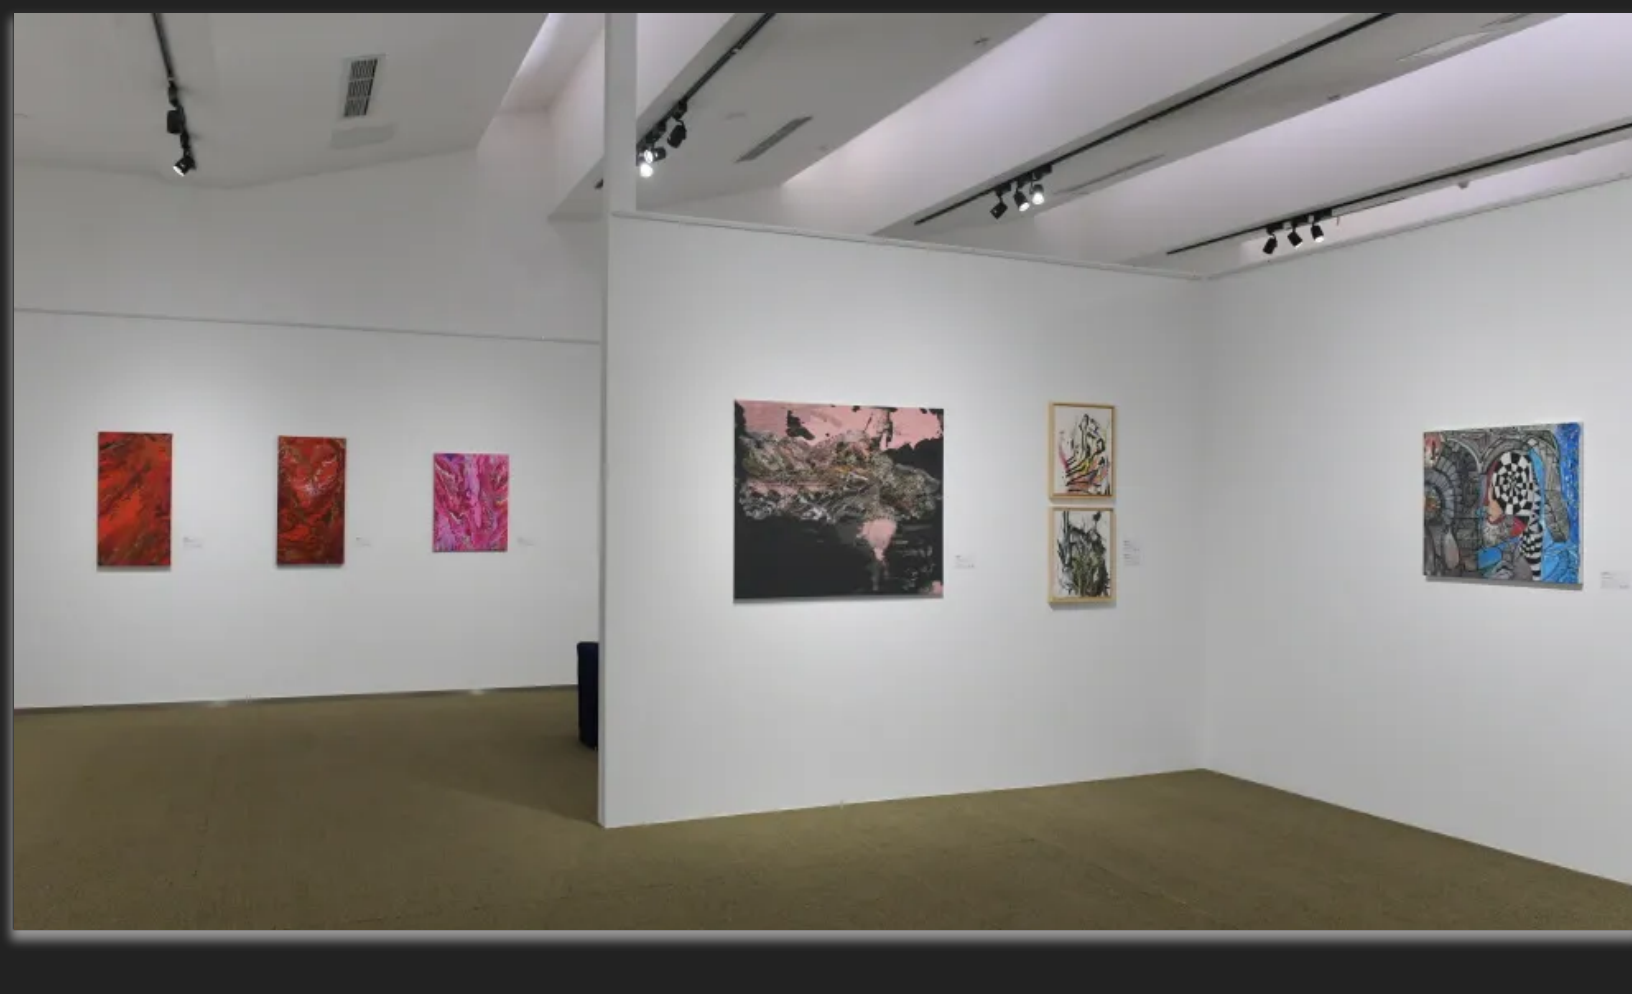

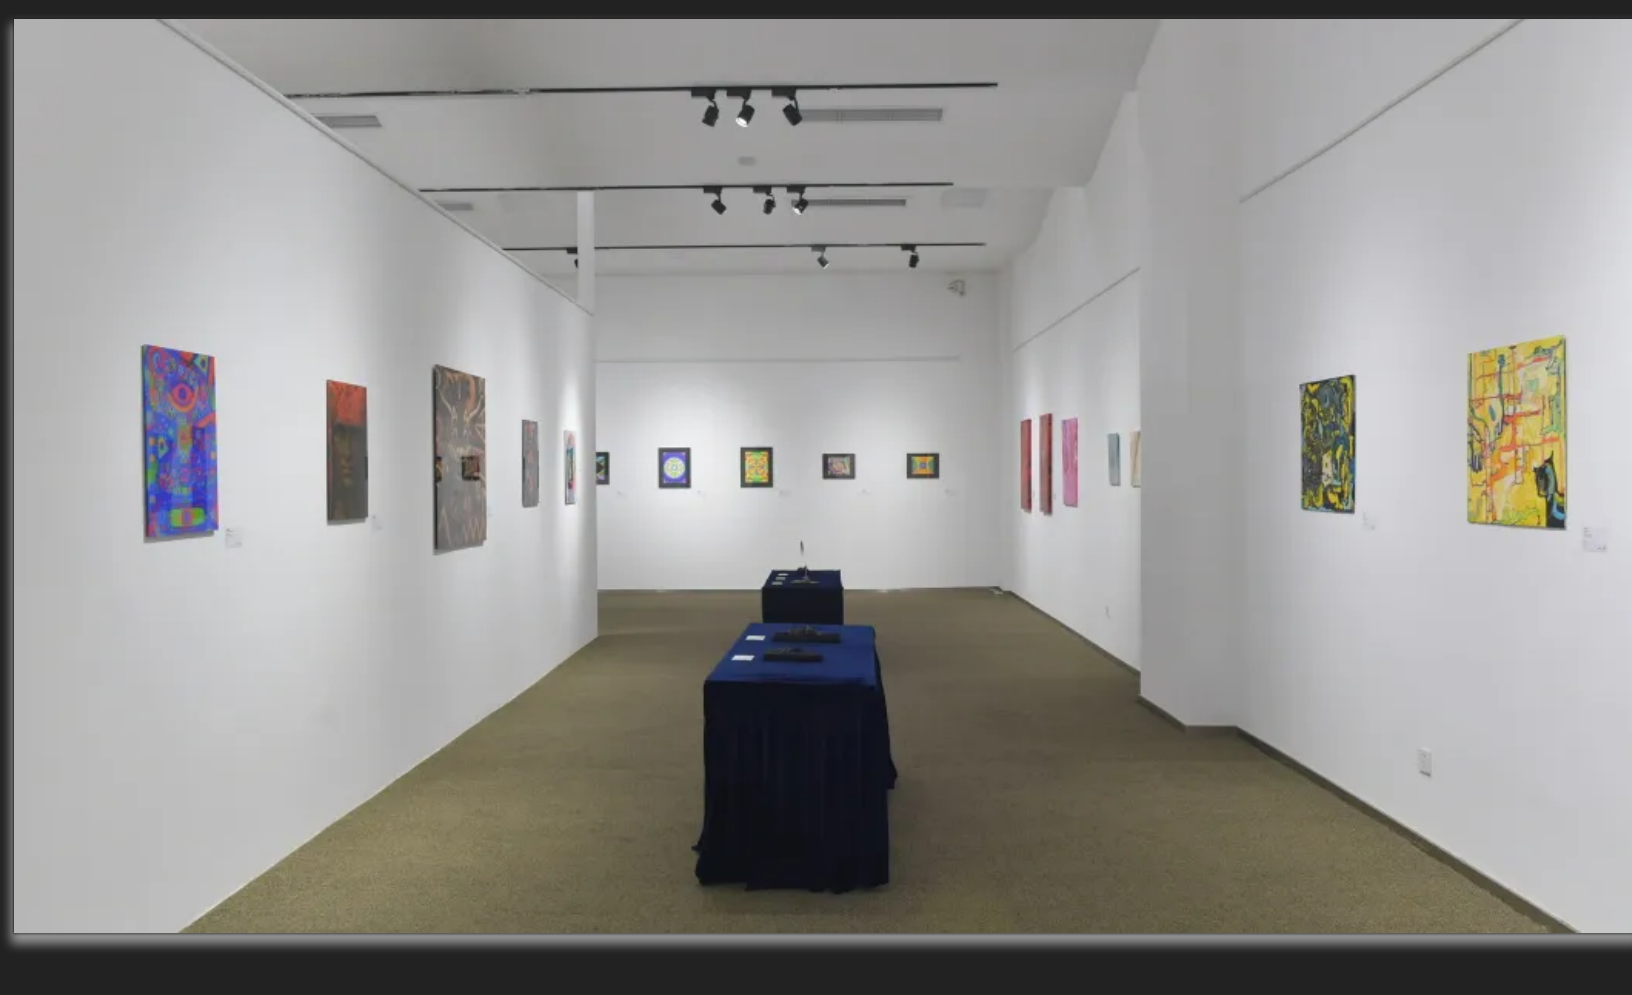

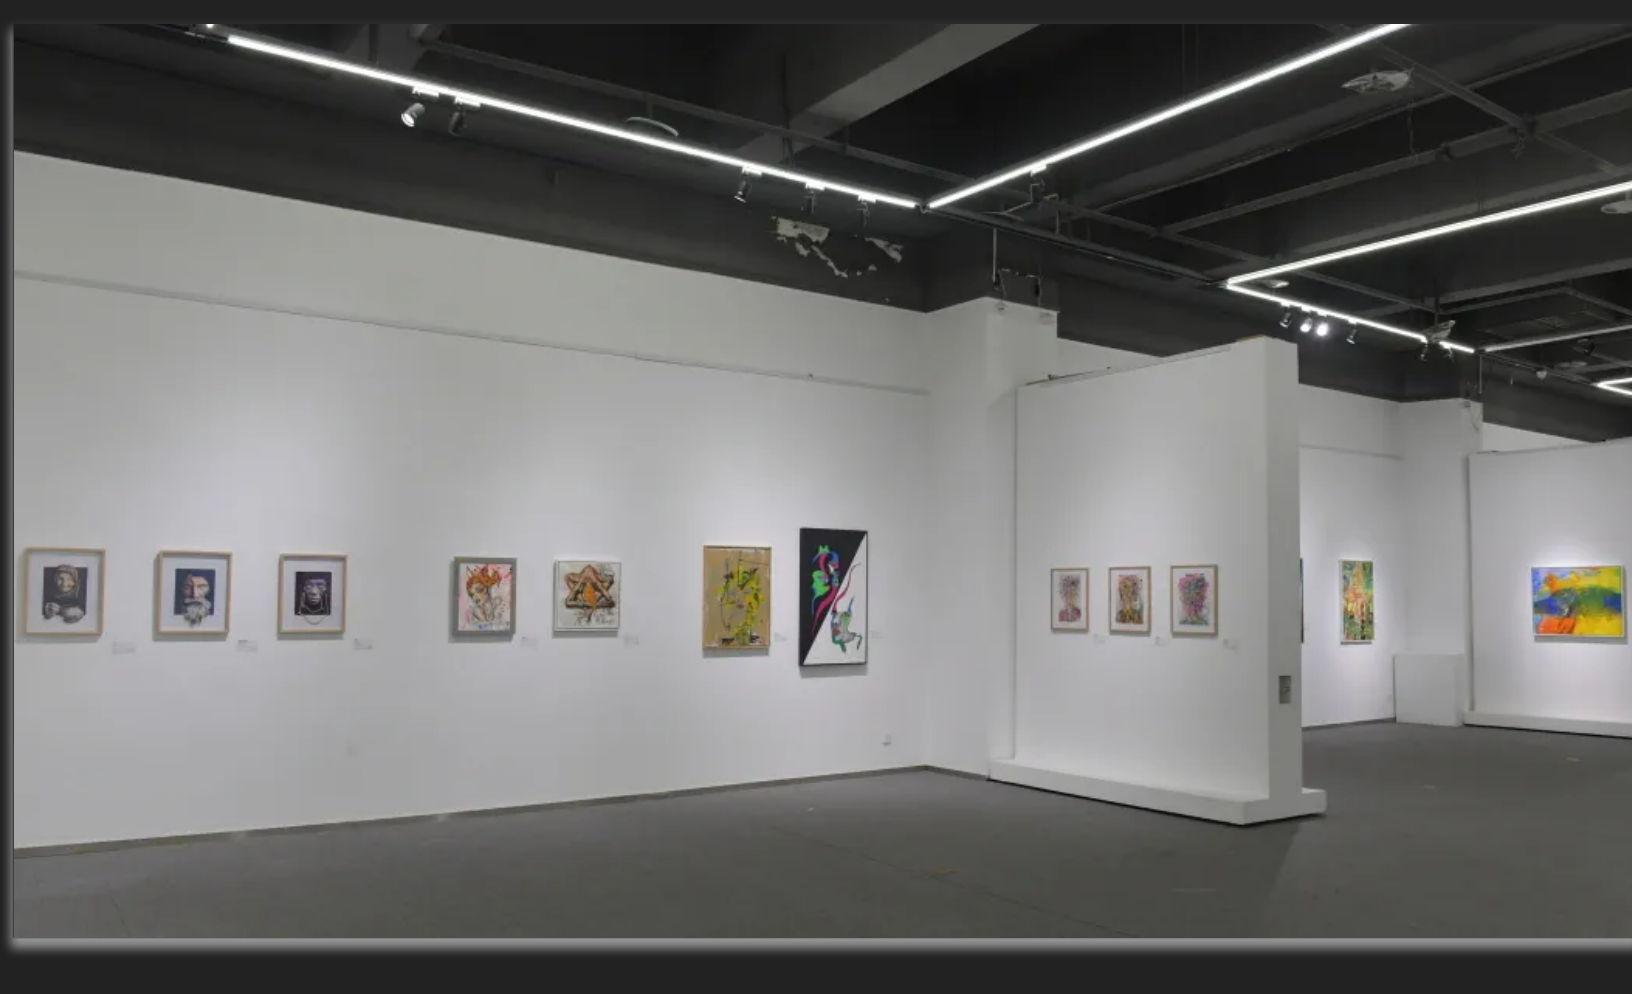

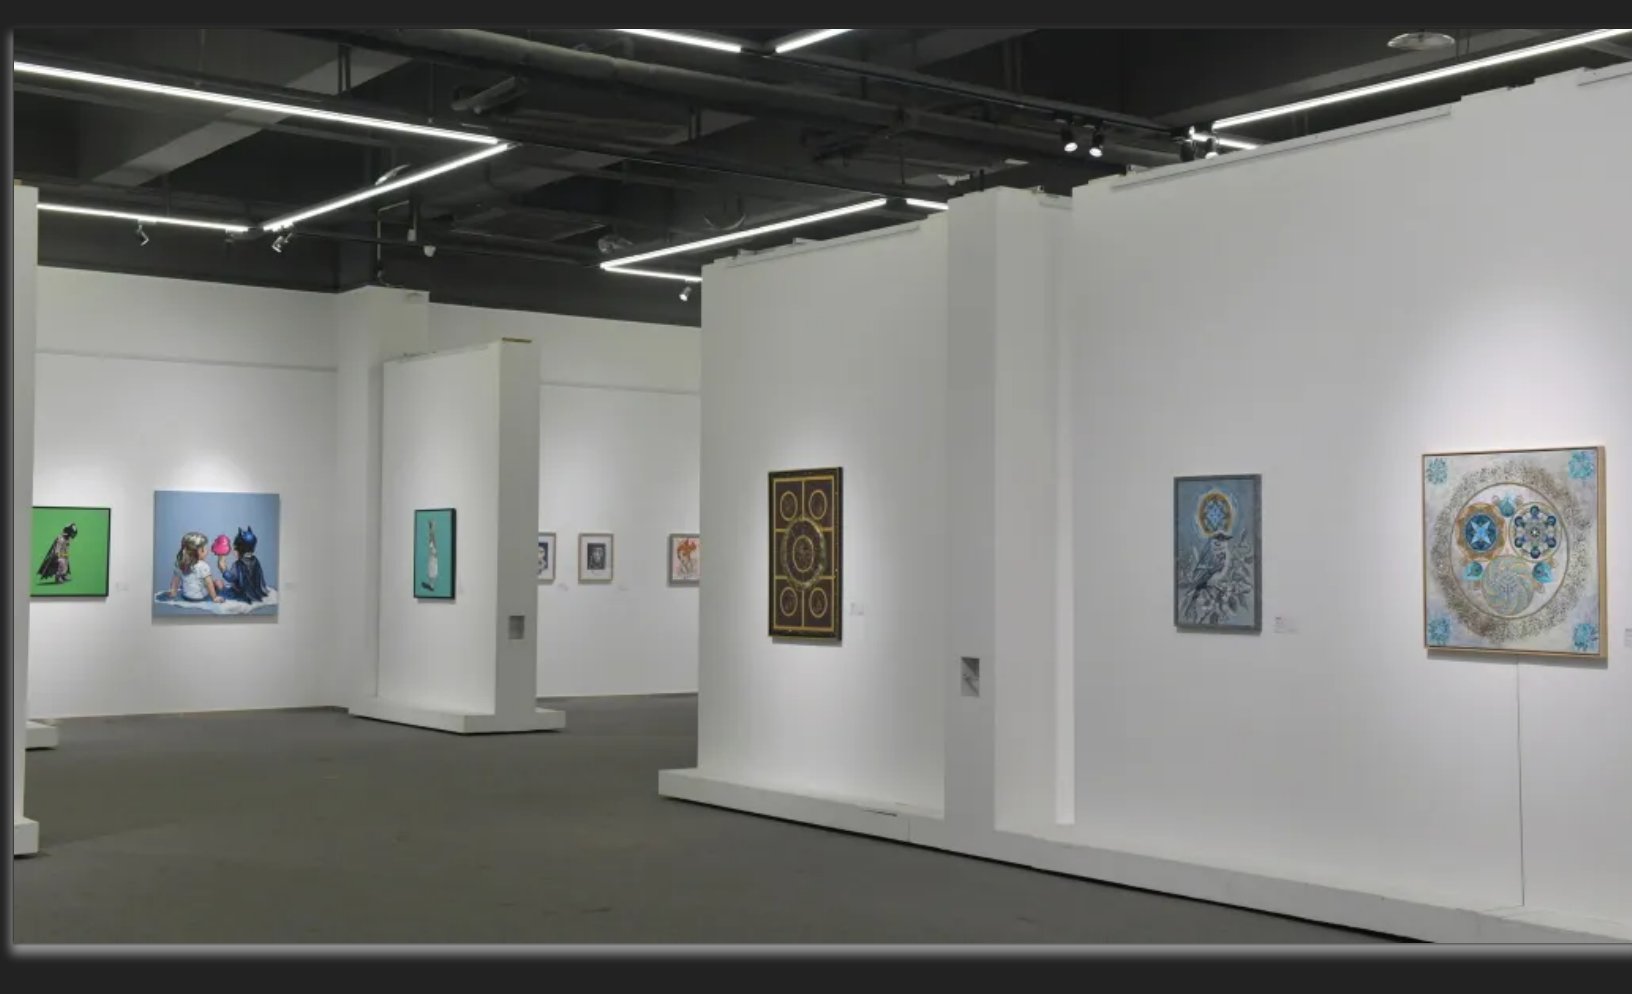

The exhibition continues the long-standing mission of cultural exchange of the Pasmin Art Alliance. For more than 30 years, the institution has been committed to promoting art exchanges and exhibition practice between the East and the West, and in Chongqing, this mission has also been presented through carefully planned international art exhibitions.

"China's Debut: New Horizons for New Audiences International Joint Exhibition" is not only an art exhibition, but also an immersive cultural experience: it not only opens up a new artistic horizon for different audiences, but also builds a bridge of artistic language communication across borders for different regions.
